BONDUEL HIGH SCHOOL

Bonduel, Wisconsin

VOLUME V, NO. 5

## Bears Did Fine Job; Congratulations, Fellows

Bonduel High Schools basketball team finished another highly successful cage season winning 12 and losing 7 against the toughest competition in the Northeast section of the state. Bonduel achieved victories over such teams as New London, West DePere, and Catholic Central of Green Bay who are ranked with the better teams in the state and also gained double wins over their staunch rivals Pulaski and Gillett.

This team is believed to be one of the best and probably the best Bonduel has ever turned out. Bonduel has had better won and lost records, but has never played a schedule as tough as the one completed this season with the very commendable record of 12 wins in 19 starts. The five boys who carried a majority of the load, Pat Fox, Jack Krull, Chuck Sohr, Dale Druckrey, and Ronnie Graf, rose to unexpected heights in several ball games and proved that they are capable of playing any team in the state and giving a good account of themselves. Jack Herb who played a lot of good ball as the sixth man came through in many games to give

Bonduel the lift that was badly needed. One game in particular when Dale Druckrey was sidelined by sickness—Jack Herb stepped in and did a wonderful job in aiding the Bears great win over the New London Bulldogs. Herb scored 9 points in the game besides doing a fine job of rebounding and defensive play.

Scoring statistics prove the fine team play that was demonstrated by the Bears all year. No one man held all scoring honors. All scored equally well when the occasion presented itself. Pat Fox was a consistent scorer and played topnotch defensive ball. Jack Krull scored very well and was one of the best rebounders in the state. Chuck Sohr, a really rugged center, scored very well and was another topnotch rebound man. Dale Druckrey was very consistent in his play all year, scoring well and being a good all around floor man. Ronnie Graf was the playmaker for the Bears, a topnotch ball handler, good dribbler, and a constant scoring threat. These boys showed fine promise as freshmen and have blossomed into one of the most

favored teams in this section. They contributed every bit of drive and determination they possibly could during the entire season.

Other members of the squad who have bolstered the Bears stock are Virgil Moon, Elmer Richter, Wally Zernicke, Harold Westphal, Rod Blom, and George Vanden Brook. These kids came through when needed and have shown promise of developing into a good ball club next year.

Complete scoring for the season:

Player	FG	FT	TP	GP
Sohr	77	59	213	19
Krull	71	66	208	19
Fox	71	56	198	19
Graf	56	53	165	19
Druckrey	32	33	97	17
Herb	9	12	30	11
Richter	8	13	29	11
Zernicke	5	1	11	6
Moon	1	4	6	4
Vanden Brook	3	0	6	1
Westphal	2	1	5	3
Blom	1	0	2	1
Totals	336	298	970	

Bonduel scored 970 points in 19 games for a 51 point average. Opponents scored 886 points in 19 games for a 47 point average.

## A Library Grows In Bonduel

Have you been wishing the library would get some new books? Well, if so, your wish has come true because many new books have arrived.

If you like history there are three new history additions. They are "The Blue and The Gray," "This I Remember," and "MacArthur: Man of Action."

English additions are "Webster's Dictionary of Synonyms," and "Webster's Biographical dictionary."

For the girls majoring in commercial business there are "Girl's Daily Life" and "She's Off to Work."

Some other good books to read are "The Faith of Mrs. Kellenn," "River of the Sun," "My Neck of the Woods," "Virginia Reel," "Mink on Weekdays," "Across the River and into the Trees," "Son of a Hundred Kings," "The 'Reel' Benchley," "River and Empty Sea," "The Spanish Gardener," and "The Art of Serving Food Attractively."

Books now in use by the seniors, but which will soon be on the shelf are "Villette," "Vanity Fair," "Robinson Crusoe," "The Heart of Midlothian," "Middlemarch," "Tess of the D'Urbervilles," "The Old Wife's Tale," "Adam Bede," "Henry Esmond," "Representative English Novelists," and "Shakespeare (the complete works of William Shakespeare including the Temple Notes.)" The library hopes you will enjoy these new books. The book "The Old Wife's Tale" may be obtained from Jim Westphal.

### "TO BE OR NOT TO BE"

Members of the senior English class attended the movie, "Hamlet, Prince of Denmark," by William Shakespeare. The plot was centered around the death of Hamlet's father, the King. Hamlet learns through a vision that his uncle had killed his father and is now seeking revenge. The dialogue reveals the true genius of William Shakespeare and why his works are regarded as the best in English literature.

## The Rocket Speaks

Sally Jones was walking peacefully down the hall when all of a sudden something hit her!! After she picked herself up, she found that John Brown had been running down the hall and all he said as an apology was, "Why don't you stay out of my way!"

How does this pertain to us, you ask? Well, maybe you aren't aware of it but we students here at BHS have been minding our manners even worse than this. We think its nothing to tell the teachers to do something themselves or to be as rude as possible to our fellow students. Just go into the study hall any period of the day and you'll probably see the teacher on duty in the study hall, yelling her head off at all those "impolite imbeciles" who are making so much noise,—and believe it or not those "impolite imbeciles" happen to be us, the students of BHS.

Did you ever wonder what a visitor thought of Bonduel High School? Just imagine what they would think if they go down and stand in the so called "lunch" line. A better name for lunch line would probably be "push and pull" line because that is exactly what it is. One person pushing this way and the other pulling that way.

Why isn't this discourtesy in school stopped? It could be if all of us students resolve at this time to try to "mind our manners" just a little bit better.

### BUSY FINGERS

Progression accuracy tests are a source of competition among Miss Stritzel's beginning typing classes. These tests are graded on the basis of errors only. The writer stops at each error made and begins again at the beginning. The chart showing the longest period of writing without errors shows Shirley Kallies out in front with 9½ minutes of continuous writing without error. Richard Brunner follows closely with 9 minutes to his credit. Robert Abel is right on Richard's heels with 8½ minutes. Other students who have more than five minutes of continuous writing without error to their credit are Eddie Quandt with 8; Marjorie Pleshek, Maurice Johnson, and Audrey Herman with 7; and Morva Mayer with 6.

Other students who have up to five minutes of continuous writing without error are Jean Brecken, Carolyn Schmidt, Shirley Yonkers, Sharon Burmeister, Sherry Grunewald, and Phyllis Mayer.

## Welcome Classmate

A new boy has been added to the freshman class. His name is Dick Miller and he came from Fond du Lac. We hope he likes school here.

Many freshman are going out for forensics. We wish all of them luck and hope they bring honor to the school.

The committee for the freshman skit included Jim Herb, Jim Sievert, Marian Westphal, Audrey Stuewer, Joyce Moede, Marian Stuewer, Barbara Olsen, and Mickey Koehler. David Strehlow and Lee Wolf played the parts of "Ma" and "Pa."

### JUNIOR "RIP VAN WINKLES" AWAKEN

If you have seen some excitement or heard a lot of noise in the science room it was just some junior girls planning a skit. The parts called for three men and one woman but the mens parts were all played by girls, dressed as men.

The cast included: Mr. Howard, Audrey Rueckert; Miss McConell, Jean Sorenson; Mr. McNaughton, Marlene Drage; Mr. Shelton, Carol Watry. Scene: The Radio Station WBHS.

A commercial featuring Hada-col was sung Friday afternoon. Serenaders were Ken Schweigert, Junior Brusewitz, Jim Zuleger, and Wally Klosterman.

## New Selections For Music Department

The band has been very busy learning different songs. The ones most liked are, "Ha Ha Ha," "Bandjive," "Indian State Band," "Moonlight On The Nile" and "Alpine Holiday." One selection they especially like is "Minstrel March" written by Robert Korn.

One great thing in band is the all wood stands. Much work, effort, and time were put into them. Francis Peterman was the chief cook and bottle washer of the stand project.

The band has some new members: Clinton Tackman and David Erickson, trombones; Carol Manthei, bass clarinet; Gerald Herman, baritone; Maxine Fink, "E" flat horn; and Iola Glock is coming along nicely with the drums.

Mr. Korn and the other band members have loads of fun teasing a cornet player and a trombone player, who make beautiful music together.

The Glee Club is working very industriously on some wonderful songs. Their favorite is "Stout Hearted Men."

### HOMEMAKERS HEAR SPEAKER

The monthly F.H.A. meeting was held Tuesday, February 13. The speaker, Rev. Gross, was introduced by the president, June Sievert. He spoke of "The Importance of Home and Family Relations." In his speech he pointed out the value of good homes and contrasted them with poor homes. Ethel Hartwig presented him with a gift from the F.H.A. The group then said the creed which was led by June Sievert, and which ended the meeting.

We are taught that a preposition is not a good word with which to end a sentence. So Miss Grenier comes along with a sentence like this, "Mother, what did you bring that book I didn't want to be read to out of up for?"

## Can You Imagine?

## SOPHOMORES ACTIVE IN VARIOUS ACTIVITIES

The sophomore class has many representatives in the basketball team, forensics, band and many other activities. They are well represented at basketball games. If you are unable to detect who they are, you can find Allan Oakes (the boy who is always fooling around), Dick Monroe, Willard Petterson and Bruce Soufal selling pop at games.

The sophomores only income has been from coke selling, but in the future they hope to be doing other things to increase the amount in their treasure.

They are active in study halls, just ask the teachers, they know. Too much work weakens the brain. Right sophomore's??

They also have one little mischievous sophie, who likes to chase his English teacher around and get her angry. They also have a boy who likes his sleep better than English, but maybe it is because spring is "just around the corner."

It seems that mostly everyone had a good laugh when the sophomores put on a skit for the Pulaske game which helped the boys win. The skit was written by Margorie Pleshek and Mary Rosin. Those taking part in the skit were Helen Mueller who played the part of a fortune teller, Bruce Soufal, Roger Hoeffs, Richard Brunner, Allan Oakes, Maurice Johnson, Ronald Heuer, Ken Luniak, Jerome Moeller, Willard Petterson, Don Moesch, Fred Falk and DeWayne Gipp.

## SMALL-FRY MAKE NEWS

The first grade taught by Mrs. Fowler is planning to go through the bakery to see how cookies are made.

The second grade taught by Mrs. Hein is studying social studies. They visited the fire station during this study. They intend to write a play to summarize the visit.

The third grade taught by Mrs. Stuewer is completing the unit on transportation. They have had many field trips while studying this unit. They are planning to go through the printing office and post-office soon. They enjoy these trips very much.

The fourth grade teacher Mrs. Brunner, is making jingles for reading. Here is some of their work. Barbara Brusewitz, "I was sitting there eating my stew. It was more than I can handle to chew. All the meat and potatoes and bread and tomatoes, I thought I would burst didn't you?" Bonnie Tuma, "There was a boy named Sam. He stole a big ham. He ran out the door and slipped on the floor, Then he was in a jam."

The fifth and sixth grade teacher Mrs. Gunderson, elected new officers which are as follows: president, Roger Boettcher; vice president, Dennis Bohm; and secretary, Douglas Madison.

## A MISTAKEN ST.

### PATRICK'S DAY

By Flora Koeppen

Amid the shades of blue and gold  
A glimpse of green is seen,  
It seems that someone has not forgotten

St. Patrick's Day, March sixteen.

Forgotten by all but one,  
St. Patrick makes his stand,  
Surprised to be forgotten  
In this, or any land.

"How dare you wear that green array,

In this school of blue and gold?"  
That is the embarrassing question  
Which that one student must unfold.

"Away with that green necktie,  
Way with that green hat,  
Away with that green ribbon,  
Or I shall smash it flat."

The student makes his explanation  
Indeed it is a pity

That he did not make it  
Before the poening of this ditty.

Now for the secret,  
For it truly must be read,  
That St. Patrick's Day is March  
seventeenth,  
And not March sixteenth, one day  
ahead.
